Write down key concept that Mr. Pizzarelli talks about and one or two sentences why you liked the pieces he played. Be specific.

If there are more than three pieces he plays, please use the **Notes** section on the next page to list them.

Things to look for and comment about (write about):

- :: **Use of Scales:** Can you tell if he uses blues scales?
- :: **Blend Balance** (Could you hear all sections clearly? (If he is with others)
- :: **Anything that you see/hear that we work on or that we don't???**

**Use the Notes section on the other page.**
